The Directors present the summary unaudited consolidated and separate summarised financial statements of FDH Bank Plc for the half year ended 30 June 2025.

Performance

The Bank registered a consolidated Profit after Tax (PAT) of MK60.279 billion, 116% up from a PAT of MK27.936 billion achieved over a similar period in 2024. Net Interest Income has gone up by 92% on the back of the increase in the loan book by 62% year on year (YoY) and the increase in other interest-bearing assets, whilst interest expense has grown by 107% as a result of the increase in deposits by 43% YoY and the increase in long term loans by 588% YoY. Non-interest income increased by 75% mainly because of the growth in transactional banking business, trade finance, international trade and investment banking business.

Operating expenses grew by 43% when compared to the same period last year due to increase in continued investment in service delivery channels and high inflation. However, as of June 2025, the cost to income ratio went down to 30% as compared to 39% from the same period last year.

Total assets increased by 54% from June 2024 mainly emanating from an increase in the loan book and Government Securities. Customer deposits increased by 43% from June 2024 despite the Bank having started an exercise of shedding off term deposits to manage interest expense.

Regional Growth

FDH Bank Plc has a definitive agreement with Ecobank Transnational Incorporated (ETI) for the acquisition of a controlling stake of 98.87% in Ecobank Mozambique SA (EMZ). The remaining minority stake of 1.13% is held by Fundo Para O Fomento De Habitação (FFH), Mozambique's housing development fund. The transaction represents a significant milestone in the Bank's regional expansion strategy because it enables FDH Bank Plc to extend its footprint in Southern Africa, and is expected to deliver strategic benefits including market expansion, revenue diversification, operational synergies, and long-term value creation for stakeholders.

All regulatory approvals have been obtained. Completion of the transaction is expected within the 2025 financial year, subject to final conditions precedent.

Dividend

On 4th August 2025, the Board of Directors of FDH Bank Plc passed a resolution authorising payment of a first interim dividend of K7.039 billion (K1.02 per share) in respect of 2025 profits. This represents a 46% decrease from the first interim dividend of K13.043 billion (K1.89 per share) paid by the Bank in 2024. The lower dividend reflects the Bank's strategic decision to preserve capital in support of its regional growth and expansion strategy, as well as the need to maintain a strong capital buffer.

The dividend will be paid on Thursday, 4th September 2025, to shareholders appearing in the register of the Company as at close of business on Friday, 29th August 2025. The Bank's shares will trade ex-dividend from Wednesday, 27th August 2025, and the register will be closed from 29th August to 1st September 2025 and no transfers will be registered during that time.

Outlook

Looking ahead, inflation is expected to be lower averaging around 27% to 28% for the remaining part of the year down from 32.2% in 2024, mainly driven by the easing of food inflation. The Bank anticipates the Kwacha/US Dollar exchange rate to remain at the current rate for the remaining part of the year but might be affected by the outcome of the general elections on 16th September 2025. Malawi Gross Domestic Product (GDP) growth is projected to average around 2.8% in the year 2025 from 1.7% in 2024. This recovery is supported by a relatively favourable harvest from the 2024/25 agricultural season and ongoing investments under the Agriculture, Tourism, Mining, and Manufacturing (ATM-M) Strategy, as noted from the Monetary Policy Committee's third meeting of 2025. The Bank will however continue monitoring any volatility in the market to ensure strategies are in place to respond positively.

The Bank remains committed to engaging its customers and stakeholders to ensure their evolving needs are effectively met. We will continue to deliver solutions that are responsive, sustainable, and value-enhancing for our customers, shareholders, and other stakeholders.

Our focus remains on operational efficiency, people development, and continuous innovation while actively contributing to the creation of an inclusive, diverse, and sustainable society.

Appreciation

We would like to thank all stakeholders of FDH Bank Plc, including our valued clients, shareholders, the Government of Malawi, the Reserve Bank of Malawi, the Malawi Stock Exchange, correspondent banks and other business partners, who rendered their support to the Bank resulting in the good performance for the first half year ended 30 June 2025.

By order of the Board.
FDH BANK PLC

Mrs. Charity Mseka
Board Chairperson

Dr. Ulemu Katunga
Chairperson, Finance and Audit Committee

Mr. Noel Mkulichi
Managing Director
