09 SEPTEMBER 2022

10:00 - 10:30 AM

The MSE conducted its second Facebook Webinar on the 9th of September, 2022 under the theme, "Investing on the Stock Market". The webinar is part of the Exchanges' financial literacy initiatives aimed at enhancing the investing publics' understanding of the stock market investment opportunities. It's also a platform through which capital market players provided responses to the frequently asked questions by the investing public on MSE social media platforms.

The MSE Chief Executive Officer, Mr. John Robson Kamanga, in his welcoming remarks, stated that, the purpose of the webinar was to highlight some of the factors and risks to consider when trying to invest on the stock market especially when investing in shares. He mentioned that, it is paramount for the investing public to know this information so that they make informed investment decisions.

The key presenters from our member firms namely; Regina Kachingwe, Equity Dealer for Cedar Capital Limited, Kondwani Makwakwa, Senior Dealer Equity & Money Market for Stockbrokers Malawi Limited and Tafadzwa Mwawa, Business Development Officer for

Continental Capital Limited made their presentations relating to the theme respectively.

The presentations were made under the following topics:

- How to select a company to invest in
- Investing in the current macroeconomic environment and factors affecting share price
- Things to look out for after buying shares and bonds, i.e. Trading Statements, Company Financials, Annual General Meetings, Dividends and Coupon (Interest) payment notices, CSD, etc.

In his closing remarks, Mr Kamanga encouraged the investing public to make use of the information provided to them for the betterment of their lives, realization of their wealth and returns which they can get on the Stock Market.
