The Stock Exchange in October 2021 sponsored and participated in the Malawi University of Business and Applied Sciences (MUBAS) Commerce symposium which was held at Mount Soche Hotel in Blantyre. The Stock Exchange Operations Manager, Ms. Kanyangala gave a presentation to the final year students on the role of the capital markets in the country's development. The students were encouraged to be ambassadors for the financial sector by enhancing their understanding of the financial markets and actively working to educate others to avoid misinformation. The Exchange sponsorship was in the form of branded cloth face masks which were given to all students.
